

~Heritage Business Leader~
The Credits 2017 Nominations

FRAM

Headquartered in the old St Lawrence Starch building in Port Credit, **FRAM Building Group** has not only contributed to the architectural skyline but has also become entrenched in the culture of the community supporting local arts and culture projects and festivals. FRAM is a shining example of a successful synergy of business, heritage and culture working for the benefit of the whole community.

Christopher Zeppa

Christopher Zeppa from City Park Homes has shown true support for Mississauga's heritage in his willingness to develop and showcase the Old Barber House as the jewel in the crown of his new residential development in Streetsville. He is a rarity in the developing world when all too often, the city's historic homes are lost to the so called march of progress. City Park Homes offer a refreshing attitude to new development allowing the old to co-exist with the new.
